## President's Message

Several years ago, I was invited to be a Board Member of the LWHS Alumni Foundation and now I'm honored to have been elected President. For me it is exciting to be affiliated with this strong, dynamic and energetic group who has set goals and exceeded them. Do you remember last May when LW Dollars for Scholars announced ONE MILLION DOLLARS in scholarships had been given to LWCHS students? The LWHS Alumni Foundation played a big part in that effort. We are changing lives!

A few months ago, we welcomed to our board several recent LWCHS graduates to keep

Carol Childs Webster

us viable and enriched with new ideas. We are exploring ways of expanding our name campus-wide by involving our students to secure alumni members well in to the future. The pur-

chase of an ad in this year's yearbook is a first step in putting our name out to the students.

Our close working relationship with the schools administration and staff have been invaluable in identifying school needs. The Trojan Sound has cataloged a list of items desperately needed: instrument repairs and replacements; 21 year old tattered uniforms; trip expenses for competitions and football away games. These are just a few of the school's needs. The school is also making great strides academically and we want to assist them in their future success.

How do we help? In February we had a record-breaking Spaghetti Dinner earning over \$11,000. The attendees had a marvelous time connecting and reconnecting with friends. We served over 250 people. Our community rallied around by donating most of the food. A big thank you goes out to Mama Gizzi for the fresh made pasta, several restaurants for their sauce, agricultural centers for salad ingredients, and numerous friends for donated desserts. Additional thanks to band, chorus and culinary students for their entertainment and service.

How can you help? In 2022, LWCHS will be celebrating our 100<sup>th</sup> Anniversary. We are challenging the graduates of the classes of LWCHS to buy a monogrammed brick to be placed at our school. Which class will have the greatest participation? Will it be your class? "\$100 in Honor of 100 Years"! Let the competition begin NOW! Checkbook out yet?

How else can you help? Renew your membership and ask your friends and classmates to join (\$25 single, \$40 couple, \$200 lifetime). And a plug for Dollars for Scholars: When you order from Amazon online, type in smile.amazon.com and choose the charity LW Dollars (it will come up Scholarship America, Inc. -Atlantis). DFS will get a small percentage with no cost to you.

In addition, attend a concert, play, and/or sports event at LWCHS. Mentor a student, your life experiences may help a growing mind.

For now, my new adventure as President begins and I'll see you at the Alumni Members Luncheon on Saturday, May 10<sup>th</sup> at 11:30 a.m. at Atlantis Country Club. *Go Trojans!*

—Carol Webster, President

## Principal's Message

## Begin With The End in Mind

In 1989, Author and speaker, Stephen Covey published a business and self-help book titled *The 7 Habits of Highly Successful People*. This book went on to become one of the best-selling business books in history. He listed seven habits to help business leaders develop a system for improving productivity and organizational stability. Habit #2 challenges us to begin with the end in mind. Covey said, "Start with a clear destination in mind. We can use our imagination to develop a vision of what we want to become and use our conscience to decide what values will guide us. That way, we can make sure the steps we're taking are in the right direction." Beginning with the end in mind is also extremely important for businesses. Being a manager is about optimizing for efficiency. But being a leader is about setting the right strategic vision for your organization in the first place, and asking, "What are we trying to accomplish?"

This school year has been an exciting and rewarding year. The faculty and staff started the year off by identifying goals we wanted to achieve and then we developed action steps to accomplish each one. We knew we had to pull together as one to make this happen. We knew we needed to begin with the end if mind this year. There were three goals established this year. They focused on collegiality, purpose, and student achievement. We decided

Dr. Elvis Epps

to use The Law of Momentum as our guide and motto this year. This law is discussed in John C. Maxwell's book, *The 15 Invaluable Laws of Growth*. We wanted to make sure each student was carefully identified and monitored throughout the school year. Our purpose for this strategy was to ensure that no student was left behind. Every student counts on our campus, and we had to make this a priority. We also had to make sure that every teacher had what they needed to be successful in the classroom. Having a clear understanding of the state standards helped our teachers hone in on what to teach and how to measure their students' proficiency levels. I can honestly tell you that we are well on our way to achieving great things this year. It took teamwork and a shared focus to make this happen.

As we enter into the last quarter of the school year, I want to thank each of you for your support, prayers, and love for our students. We couldn't have done it without you. We are expecting roughly 600 students to graduate next month. With that being said, I hope each

## Library Media Specialist MIKE CAVANAGH Wins 2018 Outstanding Media Service Award

By Dr. Helen Gilmore

Lake Worth High School has the most outstanding media specialist in Palm Beach County! Mike Cavanagh recently received the award, sponsored by the Educational Media Association of Palm Beach County. He was nominated by Principal Dr. Elvis Epps. Mike gratefully commented, "For Dr. Epps to notice the positive impact the library media center program is having on our students and staff speaks volumes. It recognizes that the work we do is very important in the success of our students' lives." Cavanagh, who has been the Media Specialist at LWHS for the past 20 years was hired by former principal, Dave Cantley. He earned his Masters' Degree and certification in Library Media Studies at Nova University.

When asked what his main goals were for LWHS students

Mike Cavanagh

and staff, he mentioned three. "My primary goal is to get the students to enjoy and love reading; we're presently moving into digital electronic books. Although not as popular with good readers as print books, the big value of e-books is that they are available 24/7 and summers —when the media center is not open. Another goal is helping students learn how to use technology responsibly. Last of all my intent is to work collaboratively with the classroom teachers and their students in utilizing educational data bases for research." It's no wonder he won the Outstanding Media Service Award, since, when asked about his future plans

of them joins the Alumni Association and contribute to the overall success of the school and community as much as you. I welcome your support as we planned for next school year. If you would like to be a guest speaker or member of the schools' Advisory Committee, please let me know. One last thing. We are five years from celebrating the school's 100 anniversary. How would you like to be part of this celebration and recognition? If you are interested,

please reach out to any member of the Lake Worth Alumni Association. We will need members for the following areas: financial support, speaking events, event planning, and membership promotion. The celebration will take place in 2022. We have not established a date yet, so please be on the lookout for that soon. The ceremony and reunion will be like no other in our district. I hope to see you there.

—Dr. Elvis Epps, Principal

## Easter Luncheon Enjoyed by One and All!

By Kathy Snyder Graves, Class of '53

So many of our regular attendees tell me how much they look forward to our bi-monthly luncheons and how they just enjoy visiting and catching up with each other. This past Thursday, March 29<sup>th</sup>, we met at our usual location, the Lake Worth Road Olive Garden.

Thank you Roberta, Ron S., Peg, Judy, Bunnie, Ron F., and Char for coming early and helping with decorations and set up. The tables and Easter decorations were so pretty. I had mentioned how our group just loves chocolates if anyone wished to bring some and sprinkle on the tables—what a response!! Thank you Jerry, Roberta, Bunnie, Peg, Nat, and Char for all the chocolates and goodies. I found some colorful Easter necklaces for everyone at Party City and many

wore them throughout the luncheon—we are a festive group! I heard from my sister-in-law that Susie wore hers to church!

The Lake Worth Road Olive Garden location seems to work the best for us geographically and they have a totally private room in the back which affords our group much privacy. We try to schedule our luncheons about every two months and seek a date just prior to a holiday if possible and use that holiday as a luncheon theme.

The LWSH Alumni Association is holding a luncheon on Saturday, May 12<sup>th</sup> at 11:30 a. m. at Atlantis Country Club—this is in lieu of the usual May Alumni breakfast. We hope all our regular classmates luncheon group will attend this one. Also many of us plan to attend the Kissimmee

LWSH Alumni mini reunion the weekend after Mother's Day, an event started by Charlie Brooks '52 at his Comfort Suites Hotel and tradition continues to be honored by Charlie's widow Cindy. Hopefully, we'll see most of our classmates group in Kissimmee in May.

I've gone ahead and booked the following dates for future luncheons so folks can plan ahead as a few classmates further away have expressed some interest in attending if more advance notice was given. So please mark and save these dates: **June 28<sup>th</sup>** with patriotic theme as 4<sup>th</sup> of July the next week, **August 30<sup>th</sup>** with no particular theme—just summer, **October 25<sup>th</sup>** with Halloween theme, and **December 13<sup>th</sup>** with a Christmas theme. Come join the fun!

...continued from page 1

## ...Library Media Specialist Mike Cavanagh

for the LWSH Media Center, he pointed out highly creative ideas about reconfiguring the center to provide "Maker Spaces"—sort of like individual Learning Centers. Apparently, there's a "Maker Movement" in upgrading media centers. Students are helped with their individualized, perceived needs through assisting them to create videos, podcasts, art projects, etc.

After earning a Bachelor's Degree in Elementary Education, from FAU, Mike started out as a 4<sup>th</sup> grade teacher at Belvedere Elementary School, and moved to Southboro Elementary School (which no longer exists), as a Media Specialist. The same year he came to LWSH, 1998, according to Mike, "Lake Worth High School went on the open schedule system, meaning classes could sign up to use the media center resources and collaborate with the

media specialist whenever time was available. It also meant the center was open to all students during both lunches and throughout the day. Hence, currently, there are between 100 to 150 students using the media center daily during their lunch time." There are many advantages to the digital tools available presently; students no longer need notebooks or textbooks, since they are accessible online. Mike shares that, "Much has changed in the field of library media, as in all of education. Today's library media specialist must be a jack of all trades and a master of all of them. This includes a wealth of technology in many forms of Maker Spaces, digital e-books, student instruction in discerning real news from false news and collaboration with fellow teachers in assisting students with creating multimedia projects. Diagnosing and fixing tech issues, maintaining

the school's website and providing Professional Development training comes along with other major responsibilities."

Cavanagh became involved in boys' basketball over the years, coaching Freshmen, Junior Varsity teams and finally the Varsity team. He and his wife have two, grown sons. His wife's father was a longtime teacher at Palm Beach High School and at Palm Beach Junior College. One son has taught English at LWSH for the past 10 years. Another son is an alum of LWSH, graduating from the Culinary Program and now is a sous chef at an excellent Palm Beach restaurant. We agree! Mike Cavanagh is the most outstanding Library Media Specialist in all of Palm Beach County, and Lake Worth High School is very lucky to have him working so admirably with our students!

# 2018 LW DFS GOLF TOURNAMENT SAVE *The* DATE Sat., October 27<sup>th</sup>, 2018

The Lake Worth Dollars for Scholars Golf Tournament will be held on Saturday, October 27<sup>th</sup>, 2018 at 1:00 p.m. at Palm Beach National Golf Club. Join us for golf, food and drinks, a raffle and a silent auction, a ball drop, and tons of fun!

If you have any questions or need additional details, please email Meredith Abrams at [FSUTeacherMere96@gmail.com](mailto:FSUTeacherMere96@gmail.com) or call her at (561) 324-2080. Thank you for your continued support of the students of Lake Worth Community High School. Go Trojans!

# LWHS Alumni Foundation's Spaghetti Dinner Raises \$12,000

By Roberta Stephens, Class of 1956

Sunday, February 11<sup>th</sup>, 2018 arrived much too soon for me. I was so afraid that in all the time we spent planning this event that something might have been overlooked. That was not the case at all!!! The members of the Alumni Foundation and DFS Foundation, were AMAZING in their efforts. I cannot truthfully say that the dinner went off without some glitches... but hardly anyone knew about them. The cooperation I had from the faculty was fabulous. I don't want to name all the board members, faculty, alumni, students and friends that helped make the dinner such a success, as I am fearful that I will leave someone out. You know who you are and I thank each of you from the bottom of my heart!

As far as I know it was the most financially successful dinner ever held. However, as you all know, one person cannot do it alone. I certainly did not. I had many helpers. We took in over **\$12,000.00!** We served 242 dinners at the event.

We started off with having

the homemade pasta donated by Mama Gizzi's in Lake Worth. The sauce was donated by four restaurants, Chef Adam Cardoso, Mississippi Sweets from Wellington, Sal's Pizza & Ristorante and Tomatoes Pizza from Lake Worth. Erneston & Sons, Inc. from West Palm Beach donated the tomatoes and the lettuce salad. The rest of the meal was made or donated by alumni, students or friends of our school. Basically our only expenses were decorations and cafeteria staff costs. Everything from salad dressing, coffee, tea, lemonade, dozens of desserts, paper goods to all of the condiments was donated. So you can see the help we had was OVER THE TOP!

Besides the great food and fellowship we all shared, we were treated to an afternoon of wonderful entertainment by the band ensemble and the choir ensemble. Helen Dermott Dickey performed Patsy Cline's hit song "She's Got You" which brought down the house.

The students from the Culi-

nary Class helped prepare salads and served under the guidance of Ms. Ruthie. They also charmed the attendees with their kindness in assisting in any way they were needed.

The silent auction was another huge success of the afternoon. This included donations of baskets, gift cards, etc. that helped bring in over **\$2,300.00** of our proceeds.

A list of the Donors is included in the Newsletter this month. Please be sure to visit all of them and tell them how much we appreciate them making the dinner such a wonderful event.

As promised, Elvis was in the house. Not every school can make that statement! Dr. Elvis Epps, our principal, and his wife attended.

**Thanks again to all**—whether you worked at the event, made donations, bought items from the Silent Auction or just bought tickets to attend—you helped and we all thank you!

See you at the next event... stay tuned!!

## Gene Haynes, Class of 1957, Showcases Restored Model A Ford at Fundraiser

By Dr. Helen Gilmore

When asked how he became interested in old cars, Gene Haynes, Class of 1957, said, "I had owned a 1939 Ford Coupe in high school, and I traded it for a 1928 Ford 2-door Sedan. Haynes reminisced, "I had a friend, Tommy Martin, a classmate, whose father drove a 1928 Ford back and forth to his job as a night watchman near 20 Mile Bend. Tommy's dad gave the car to him during high school. Tommy didn't want to date in a Model A Ford. He liked my Ford Coupe, so I traded it for his '28 Ford 2-door sedan. Actually, I drove my 'new car' in the 1957 Homecoming Parade." "Then, later, at the Lantana Airport," he said, "I had a friend, Al Schultz, who restored old cars. I intended, when I retired, that I would refurbish an airplane, but, when I lost my pilot's medical approval, and could no longer fly, I decided that wasn't going to work." Haynes admitted. "So, I was a car buff even way back then in high school. Several years ago, I found on E-bay that someone in New Jersey had a Model A Ford Roadster for sale, so I went to New Jersey in a pick-up truck & trailer belonging to my business and trailered the car home. It took one and a half years to restore it, and I did 80 percent of the work myself. I did get an upholsterer at the Lantana Airport to do the seats

Gene Haynes posing with his restored Model A Ford Roadster.

only; I did the rest of the upholstery. I painted it an original, Model A color—an olive green. I enjoyed doing the project; it gave me something fun to do during my retirement."

Haynes' father, an artist, worked for Marjorie Hutton Merriweather Post, who built Mar-a-Lago. He was actually hired as a painter, but he

touched up all the gold leaf, when needed, for Mar-a-Lago. Gene's brother, Richard, Class of '59, worked for President Trump, too, before Richard retired; he touched up all the gold leaf on Mar-a-Lago as well as the 'Trump' name on the airplane and other properties. Gene still hangs out with Lake Worth

# Meredith Abrams: Dwyer Award Winner Plus 2019 Nominee for Teacher of the Year!

## Congratulations Meredith!

Congratulations to Educator **Meredith Abrams** on winning the 2018 Dwyer Award. Meredith is a 1996 graduate of Lake Worth High School. She has been employed by Palm Beach County School Board and teaching since 2001.

Meredith is not only a winner this year, but was nominated for this prestigious award in 2006, 2007, 2011, and 2018. She has also been nominated for 2019 Teacher of the Year.

Her accomplishments as an educator has help develop and challenge the minds of hundreds of elementary school students. Meredith's numerous certifications have allowed her students to strive to their full potential.

Besides her contributions to her students, she has donated years of her life as a community volunteer. Currently, Meredith serves as a Board Member to LWHS Alumni Foundation, Lake Worth Dollars for Scholars, and the tournament chair to the DFS Golf Tournament.

We give her continued thanks for all she does for our students and community.

*Congratulations receiving the highest honor a teacher can receive!*

### Lake Worth High School Alumni Foundation Mission Statement

*"Unite and assist alumni and friends of Lake Worth High School to provide grants and scholarships for the general benefit of the school and its students."*

# Chuck Kimberly, Class of 1948

By Kathy Snyder Graves, Class of '53

Those of us from LWHS classes from the 40's and 50's will remember fondly the Kimberly boys—four brothers with Chuck being the oldest, then Lester, followed by Roy and Ronnie. All of the brothers became friends to all of us. They were all fun loving, friendly, popular, athletic and, of course, nice looking. Chuck now 88 years old is the only one of the brothers still with us. Chuck has remained a loyal Trojan over the years, always participating in LWHS Alumni events. He is also a proud veteran having served his country.

In mid March Chuck moved into the Brookdale Palm Beach Gardens facility at 11381 Prosperity Farms Road in Palm Beach Gardens. His room is 555, his room tel # is: 561.684.3117, office: 561.257.6997, and email address: [bigfoot\\_1@bellsouth.net](mailto:bigfoot_1@bellsouth.net). He would love to hear from his classmates. His lady friend of many years Grace lives nearby and is able to visit him frequently. Dick Austin '52 was here recently from TN and went to see him just before Chuck moved.

Growing up I lived just a couple of blocks from the Kimberlys and counted them as good friends, but as so often

happens you lose track once out of school. I had reconnected with Chuck several years ago via a mutual friend and became an email buddy. When it became apparent this year to Chuck and his sons that Chuck's upstairs/downstairs town home was more than he could maneuver, plans were made to re-locate him and I was contacted as a real estate agent with my daughter to market his home. It was during this period that I really got to know Chuck so much better—what a gentleman!! His son Kevin who is a fire fighter in Wellington was right there for his dad almost daily taking care of the multitude of arrangements and things to be done when relocating. Kayton who lives on west coast of Florida came over to help as often as he could. Chuck told me many times how blessed he is with wonderful sons and friend Grace.

Back in October the LWHS Alumni had scheduled its spaghetti dinner fund raiser. I had contacted a quilt-maker friend of mine in Poinciana, Irene Roth, to see if she would make a quilt donation for the silent auction part of this event. She went all out to make the perfect lap quilt with logo and school

Chuck Kimberly with the beautiful hand made quilt stitched by Irene Roth.

colors. Then hurricane Irma happened and school calendar was changed with spaghetti dinner rescheduled for February 11<sup>th</sup>. By then I knew I wanted to win the quilt for Chuck and made sure I outbid all others. So at the closing on town home I was able to present Chuck with the Trojan quilt—see photo. It was very heartwarming as Chuck was so appreciative it brought tears to the eyes of all present.

I consider myself lucky to know such a fine man as Charles Kimberly. He is truly devoted to his family & friends, his country, and his God. He would love to hear from you, so please feel free to contact him.

# LWHS Alumni Foundation and DFS May 12<sup>th</sup> Luncheon at Atlantis Country Club

Approximately 75 people met for lunch at the Atlantis Country Club's Palm Room on Saturday, May 12<sup>th</sup> at 11:30 a.m. to meet and greet their classmates.

New President, Carol Childs Webster—Class of 1966—began with Dr. Helen Moore Gilmore giving the prayer for thanks and blessing our food, our guests and our members.

Carol's first luncheon meeting took the place of our usual breakfast meeting, the second Tuesday of May. (There are two meetings a year, one in May and one in November.)

In the absence of DFS President Dave Cantley, Vice President Paul Blockson brought us up to date on the scholarship awards held last Thursday evening. This year \$129,000 in scholarship money was awarded. This past summer DFS celebrated ONE MILLION DOLLARS OF SCHOLARSHIP MONEY BEING AWARDED since 1998.

Carol introduced the new Band Director, Tiffany Cox (See article by Tiffany on page 6). It is amazing what she has done with the band since this summer when she first came. The young freshmen and sophomores of the Trojan band entertained us with songs from the past.

The lunch prepared by the chefs at the Country Club included a delicious looking salad with tuna and chicken, hot rolls, and cake for desert. The tables

were decorated with beautiful, flowering plants that were won by a member at each table. The 50/50 was won by Roberta Stephens, and Dr. Gilmore gave away four boxes of chocolates that were drawn by numbers.

A great time was had by all. The next meeting will be the 2<sup>nd</sup> week in November. Make sure you make arrangements to come and enjoy the day!

### DeeAnne Cantley Feulner

DeeAnne Cantley Feulner—LWHS Class 1983—is the recipient of the CEC Council for Exceptional Children, Regular Education Teacher of the Year Award. DeeAnne teaches English Inclusion classes at Spanish River High School. Congratulations!!!

# Colonel Jeff Cain Presents Scholarship In Honor of Father, Malcolm C. Cain

Although Jeff Cain hasn't lived in Lake Worth for over 40 years he still refers to it as his hometown city. Jeff's family moved to Lake Worth in 1961, when he was seven and enrolled at Highland Elementary School. He then attended Lake Worth Junior High School and eventually graduated from Lake Worth Senior High School in 1971. Some of his fondest memories, growing up in Lake Worth were delivering papers on his bike, mowing yards for \$1.50, sailing on Lake Osbourne with his cousin Kirk, up the grove, watching all the space flights from Cape Canaveral/Kennedy, and getting his first job working on the golf course at Atlantis Country Club. In junior high school, Jeff found a love for music by singing in the church choir and playing hand-bells at First Presbyterian Church. Learning how to play hand-bells was extremely rewarding and served him well when he became

USAF Col. (Ret.) Jeff Cain (pictured at right) along with his sister, Virginia Warner (at left) present the Malcolm C. Cain Scholarship—in honor of their late father—to Lake Worth High School student, Dorlenka Barthelemy.

active in the junior high school chorus. In ninth grade he was selected to attend the All-State Choir in Daytona Beach. He continued to sing throughout high school and each year was selected as an All-State singer. After

his senior year he auditioned for and was selected become a member of the "Young Americans in Concert," and set off for a four week tour of Europe singing in the various capitals of Western Europe. His first concert was in

Carnegie Hall followed by a brief presentation at the White House after his group witnessed President Nixon sign the 18 yr-old Right to Vote Amendment.

After high school, Jeff attended the University of Florida and received a Bachelor of Science Degree in Marketing in 1975 and was commissioned as a Second Lieutenant in the United States Air Force. Jeff's fascination with space travel led him to join the Air Force and become a pilot. He entered active duty June 1976 and eventually received his wings in January 1980. Jeff remained on active duty for 22 years and attained over 4000 hours flying the C-141B Starlifter. Career highlights include attending Air Command and Staff College, National War College in Washington DC, and two tours at the Pentagon. He also commanded the 4<sup>th</sup> Airlift Squadron from 1993-1995 at McChord AFB, Washington, his most reward-

ing assignment. Jeff has literally flown around the world and has been on every continent including Antarctica. He flew two successful missions to the South Pole in the early nineties airdropping supplies to the scientists who wintered-over at the South Pole Station; an extremely dangerous mission but worth every effort. Jeff retired from the Air Force in September 1998 after achieving the rank of Colonel.

After retiring from the Air Force Jeff was hired by Delta Air Lines in 1998 and has flown the 737-200, 737-300G, 737-800, 757 and 767ER accumulating over 14,000 flying hours. He is currently based in New York City, as a Captain, flying the 757 and 767 aircraft. He will retire from Delta this September with 20 years of service. Jeff lives in Fairfax Station, VA married to the former Debbie Mesveskas, from Marlton, NJ and they have three daughters Jaclyn Wells, Christina Cain, and Stephanie Twombly, a grandson named Connor and there is much excitement for a set of twins that are due this summer!

Now, about Jeff's dad—**Malcolm Cain** for whom this scholarship is endowed. When the Cain family moved to Lake Worth in 1961, it didn't take long for Jeff's dad to buy his first and basically his only barber-shop in Lake Worth. He moved around downtown Lake Worth a few times but his clientele always knew where Malcolm was, they were very loyal. Numerous times when Jeff would visit, after an introduction by his Dad to whoever was sitting in "The Chair," they already knew he was a pilot in the Air Force or was working for Delta; it was very evident his Dad was proud of Jeff's accomplishments.

Malcolm became involved in youth baseball almost immediately upon arriving in Lake Worth. Malcolm played semi-pro ball and also played while he was in the Navy. He coached and managed in the Little League, and Pony League and eventually ran the Bronco League in Lake Worth and had won a World Championship in the 1980s. Malcolm loved his barbershop, his customers and especially his hometown, Lake Worth. Malcolm was a barber in Lake Worth for over 55 years. He passed away May 2016 from lung cancer. He is sorely missed by Jeff and his two sisters, Belinda Massey of Alexandria, In and Virginia (Ginny) Warner from Lawtey Fl. They are proud to have this scholarship in Malcolm's name and hope this continues to serve and motivate the youth in Lake Worth to work hard and to achieve their goals in life.

## 2018 DFS Scholarship Award Recipients

## Joe Horton, '65, From Music to Career in ART

Joe Horton grew up thinking he wanted to be a concert pianist. Little did he know that he had a world of art awaiting him. His mother, Mary Horton, was an excellent musician, and he studied pipe organ at his Calvary Methodist Church in Lake Worth with Mrs. Dorothy Dring. At LWSHS he worked his way up to being the piano accompanist for Mrs. McClung's Glee Club. The other accompanist, Dr. Larry Aronberg, is now a podiatrist in Lake Worth. The Mixed Glee Club even won several state contests. Horton also played in the LWSHS band with Mr. Joe Lusk. After high school,

he earned a bachelor's degree in Pipe Organ at the College Conservatory of Music at the University of Cincinnati, and a master's degree in French. Joining the Peace Corps, he taught English in Senegal, West Africa, for six years staying one year after the Vietnam War ended. While there in West Africa, he studied Wolof, a native African language. Since he had no piano or organ there in Senegal, Horton taught himself to draw and paint in his spare time. Realizing he loved and enjoyed art so much, he started selling his art and even had his first art show in

## SAVE *The* DATE Sat., October 20<sup>th</sup>, 2018 6<sup>th</sup> Annual Barry Grunow Memorial Golf Tournament

**The 6<sup>th</sup> Annual Barry Grunow Memorial Golf Tournament has been scheduled for Saturday, October 20<sup>th</sup>, 2018. The event will be held at the Sand Hill Crane Golf Club in Palm Beach Gardens. Last year the tournament raised \$18,000, which will be given out in scholarships to six Palm Beach County High School Seniors on May 10<sup>th</sup>, 2018.**

**This year, the Barry Grunow Memorial Scholarship Fund reached a new goal of awarding \$200,000 in scholarships since 2000. Thank you to all our sponsors, players and volunteers who made this goal a reality.**

# Enos Pierre-Louis LWHS Class of 2014 Heading to Law School

By Dr. Helen Gilmore

"I want to be a lawyer. I like helping people and I want to give back to the community. I want to encourage people who look like me to know that they can be successful by pursuing their education." So says Enos Pierre-Louis, Dollars for Scholars (DFS) and Alumni Foundation board member. Enos, who is the only one in his family born here in the United States, is of Haitian descent. His mother is now a U.S. citizen. Back in 2014, Dollars for Scholars awarded him \$1,500 toward his undergraduate degree. "It helped a lot," Enos said, gratefully. He attended the University of Central Florida, Orlando, and earned a bachelor's degree in Human Communications, with two minors: Criminal Justice and Legal Studies. Enos is enrolled in the Florida International University Law School (FIU—Miami), where it should take him three years to earn his degree as a lawyer. When he was in the Criminal Justice Academy at LWHS, Enos interviewed with Kelsey Burke for a part-time job. Kelsey, an alum, who is a lawyer with a prestigious law firm, is also a DFS and Alumni Foundation board member. Enos didn't get the job, but Kelsey did encourage him to be a part of Dollars for Scholars and the Alumni Foundation. He then brought in Josue "Sonny" Narcisse, an alum who has been his best friend for years. The Board voted for Josue Narcisse to be a member of the Alumni Foundation last Winter.

While at Lake Worth High School, Enos was the Prom King for his class, in addition to being a star athlete in basketball and football. One of his favorite teachers was Captain Price, a former police officer and one of his teachers in the Criminal Justice Academy. "He taught me a lot about the law, and he told me how to get private scholarships. He was a mentor," confided Enos. Another favorite teacher was Mr. Rick Harlowe. Enos continued, "I took the Yearbook Class that he taught. He's a teacher, but he can also be a friend. As a teacher, he wanted me to be a better person. He wants the best for all of his students." When asked if he was glad he had attended Lake Worth High School, Enos emphasized, "I'm very glad that I was able to go to Lake Worth High School. If I could, I'd go right back and start all over again!"

Members of the Trojan Sound Jazz Band entertain at the LWHS Alumni Foundation Luncheon on Saturday, May 12, 2018

## LWHS's Trojan Sound Jazz Band

By LWHS Band Director, Tiffany Cox

In May of 2017, I had the pleasure of meeting 12 wonderfully talented and dedicated Lake Worth High School band students. They were saddened by the passing of band director, Lonnie Green, and they were determined to make positive changes in the band and at LWHS. In July, we hosted our first summer band camp to prepare for marching band season. On the first day, we had just four students show up. By the end of the summer, we had 25 students ready to learn a half time show for competition. In August, the school year started and we recruited more students to join our band and color guard. The final number for marching band season was 33 students. We competed in two competitions and performed well for our first year back in the circuit. We also performed throughout the community, at all home football games, and at all Lake Worth and Boynton Beach parades. We had a very busy fall semester, and in December, we transitioned into concert band season with a fabulous "Holiday Extravaganza" concert at which we hosted Lake Worth Middle School and Highland Elementary School. With 240 students on stage, we demonstrated to the world that Lake Worth has a passion for the arts that cannot be silenced. We then hosted our own winter concert and headed off to winter vacation. When we came back in January, we attended our district's Solo & Ensemble competition at which 24 students performed and brought home 20 superior medals and 14 ratings of excellent (students competed in multiple events). We visited FAU for their concert band festival and hosted another concert with the Lake Worth Middle School band and chorus departments as well as our own Trojan Pride Chorus. In March, we represented Lake Worth High School at our District's Music Performance Assessment and returned with ratings of

straight Excellents! LWHS hadn't earned a rating of that caliber in 6 years! We had three students attend the State of Florida solo and ensemble competition and they all earned superior medals at the state level! Collaboration was the theme of the year as we headed off on our spring trip to Atlanta Georgia with our chorus during spring break. We took 51 students on a charter bus to Atlanta, GA to perform at the Southern Star Music Festival. The band brought home a silver trophy! We had an incredible time on our whirlwind trip to Atlanta. We visited Centennial Park and Six Flags Over Georgia while we were there and had plans to hike Stone Mountain that were foiled by the rain. Upon returning from Atlanta, we kicked our fundraising efforts into high gear and started working toward our goal of purchasing new uniforms for marching band. Our current uniforms are 22 years old and they are beyond the point of no return. We have raised \$10,000 of the \$40,000 that we need to make our uniform dreams a reality. Our students are incredibly motivated to improve our program and they are giving up their evenings and weekends to recruit, perform, and to fund-raise. We recently hosted our spring con-

Tiffany Cox

cert in the Lake Worth High School Auditorium and welcomed several alumni members who generously donated to our Atlanta trip and uniform fund. We performed at the Lake Worth Earth Day Festival and celebrated another year of generosity with Dollars for Scholars! We are already planning for next school year and have our first band camp for incoming students on June 5 (the week immediately following the last day of school). Our students will be on campus throughout the summer rehearsing and preparing for a spectacular marching band season with our upcoming show, "Time Machine". We will be hosting our second annual Band Alumni football game on the Friday of Homecoming week (date TBD), so if you were in band, majorettes, color guard, or drum line, start practicing so you can play with us in the stands at the game! The band is starting a mailing list to keep our supporters in the loop. If you would like to join, please send an email to [lwchstrojan-sound@gmail.com](mailto:lwchstrojan-sound@gmail.com) and you'll be added to the list!

Thank you so much to all of our generous and supportive community members and alumni. We could not have grown at the rate that we have without your support.

Photo Credit: Lynn Anderson

*“Your don't stop laughing because you grow old. You grow old because you stop laughing.”*

### Please Visit Our Websites!

We encourage all our members to visit our websites. When you visit them, you will notice that some changes have been made. Lake Worth High School Alumni Foundation and Lake Worth Dollars for Scholars Foundation are now reached through the same address [www.lwhsalumni.org](http://www.lwhsalumni.org). We believe that this will make it easier for our members to visit and keep informed about all our activities and successes.

Remember to send us your reunion information so that we can post it. We cannot keep this information current without your help! This is a wonderful way to get event details and contacts to your former classmates. You can email the information to [AlumniOffice@lwhsalumni.org](mailto:AlumniOffice@lwhsalumni.org).

We hope that our sites are easy to navigate, please let us know if you encounter any problems. Feel free to send us suggestions for improvement so that we can continue to make our sites as user-friendly as possible.

You can email us regarding either foundation at [AlumniOffice@lwhsalumni.org](mailto:AlumniOffice@lwhsalumni.org). We will make sure that your emails are directed to someone who can assist you. We want to thank everyone for their support of both of our foundations. Without you, we would not be able to aid Lake Worth High School financially or fund Dollars for Scholars so that scholarship money can be given to needy students.

# Teacher Deborah Nelson, LWHS Class of 1971

By Dr. Helen Gilmore

Deborah Nelson has been invited to give a two day conference next June for the University of Denver State Wide Assistive Technology, Augmentative and Alternative Communication Library, and the Assistive Technology Partners College of Engineering and Applied Science. This library loans people who work with nonverbal students technology to evaluate to see if it would work well for them before purchasing it.

She was recommended for the job by the Skoog Company in Scotland after sharing lesson plans and ideas about how to improve on the Skoog device for her students' needs. Skoog is an adaptive instrument for students with special needs. It is a simple square shaped device that students press to make music or sound effects. Deborah regularly volunteers with several adaptive instrument companies to help make their devices more functional for classroom application.

Deborah will present information on how to use music and technology to meet the needs of special needs students and has invited a colleague, Nancy Patterson, to go with her to demonstrate classroom applications for each of five different technologies: AUMI, Beamz, MyTalk-Tools, Skoog, and Soundbeam. There has been a lot of new research about learning through music and when paired with new technologies, many of the areas that impact special learners can be practiced in an engaging way. These areas include: attention, behavior, motivation, memory, motor skills, and social skills.

Deborah works at Royal Palm School in Palm Beach County as a music teacher. The school is for students with severe physical and cognitive challenges for pre-kindergarten through transition level students. Unlike years ago when students were not expected to learn academics in school, today special needs students are ex-

Deborah Nelson

pected to show growth in all the academic areas and learn other skills to help them be their most independent in life. Many students at Royal Palm School are nonverbal, need lots of practice to understand and remember things, and may have sensory issues that include being touch defensive. Teaching and reaching students with these needs becomes problematic. Music is one area where most of these students can be successful because music is processed in a special way in the brain. Additionally, technology has opened alternate ways to make music. Standard instruments are too difficult for many of these students but a digital version of the same instrument may be just the thing to facilitate their active participation. Once students learn how to use the new technology to make music in alternate ways they can also use the same technology to answer questions for classroom assessment because sometimes students aren't successful with standard communication means.

For students on the lowest cognitive levels, teachers and therapists focus on helping them understand cause and effect. The music technologies Deborah uses involve multiple senses so they are great tools to help build this kind of understanding. Instead of having physically and visually complex interfaces, these special technologies can boost special students' success rate almost like magic. There is something for every need—from sonar, laser, and eye gaze controllers—to alternate ways of touching or moving that can facilitate students' active independent participation. Regular eye gaze can be demanding but the musical interface is less difficult. In fact one student was so excited about being able to control something for the first time in his life he hyperventilated. The teachers wept. What an honor to bring overwhelming joy to someone.

## 5-Year Countdown to 2022: The Centennial of LWHS

To celebrate “**The Centennial of Lake Worth Community High School**” we have launched a 5-year Countdown to 2022—the 100<sup>th</sup> year of the school's existence, with a brick sale. **\$100 in honor of 100 Years.** Proceeds will support the mission of LWHS Alumni Foundation to provide grants and scholarships for the general benefit of the school and its students.

**To Donate online:** Log on to: [lwhsalumni.org/site/](http://lwhsalumni.org/site/). Go to the bottom of the page. Click on the Donate button in the middle of the page. Proceed with instructions to submit your donation. *Note:* Above USD amount, click in “100.00”. Two lines under, click: *Add special instructions to seller: “Centennial Celebration Contribution”* \$100 for 100 Years-Brick Sale Fund-raiser.

For your contribution you will receive the size

paver pictured below and you may have it monogrammed as you like (within the guidelines noted below the sample paver pictured online). Ex: Name, Year of Graduation, etc. Purchased item is a 4 x 8 inch paver. 13 characters (including spaces) per line, with 3 lines maximum of text.

You are also welcome to fill out the Brick Order Form at the bottom of this page and mail it with your check to the Lake Worth Alumni Foundation. Instructions below. Thank you for your support!!!

**“\$100 in Honor of 100 Years!”**

### Alumni Foundation Brick Order Form

The information must fit within 3 lines of 14 spaces each. *(Please leave blank spaces between words.)*  
Bricks are limited, so hurry and order yours today! You will receive verification of your order promptly.  
*All orders are final. No cancellation or refunds will be accepted.*

Contributor's Name: \_\_\_\_\_  
Daytime Phone Number: \_\_\_\_\_  
Address: \_\_\_\_\_  
City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

**Please Print Clearly Information in the Boxes Provided Below:**

**Number of bricks ordered:** \_\_\_\_\_ **(\$100.00 per brick) Check enclosed in the amount: \$** \_\_\_\_\_

Make checks payable to the **Lake Worth Alumni Foundation** and mail it along with this form to:  
**Lake Worth High School Alumni Foundation • Alumni Relations Office**

### Alumni Advertising In The Alumni News

For a \$50.00 donation, any LWHS Alumni can have their business card published in this newsletter. You will reach over 10,000 fellow alumni, all of whom will know you share with them a common experience as a graduate of LWHS.

*Send your \$50.00 donation and your business card to*  
**LWHS Alumni Office**  
**c/o Dave Cantley**  
**1701 Lake Worth Road**  
**Lake Worth, Florida 33460**

The only requirements is:  
The individual's name on the business card is a graduate of LWHS (or a close family member.)

*\*Please note: Postal regulations prevent us from including advertising for travel, insurance or credit cards.*

...continued from page 5

### ...From Music to Career in Art

Senegal. He has actually worked his way up to selling his art on [hortonart.com](http://hortonart.com). Because he liked living overseas, he applied and was hired by Raytheon Missile Systems to teach English for seven years to Saudi Arabian soldiers in Jeddah, on the Red Sea. He studied Arabic each of the seven years in Jeddah. He continued to paint on weekends, selling his art there, too. By the end of his time there, he was earning more for his art than for his teaching. Returning to the United States, he studied at the Art Students' League and National Academy School of Fine Art

in New York City for four years. At the urging of fellow students at the Art Students' League, and wanting to be surrounded by art galleries, Horton moved to Santa Fe, New Mexico, the second biggest art center other than New York City. He still lives there five months of the year. He loves New Mexico; its climate is arid and dry, which he likes, and it is 16 miles from a ski basin. The Cristo Mountains reach an elevation of 13,000 feet. The state is very Hispanic—quite different from all other states. He has studied Tewa, a Pueblo Indian language in Santa Fe. The other seven months of

the year, Joe lives in Jupiter, Florida. He built his home in Jupiter on the intra coastal waterway: it includes an art studio. Horton is a big supporter of the Kravis Center, Palm Beach Dramaworks, the Duncan Theater, and the Maltz Jupiter Theater. He recalls, “Our parents took us to the Burt Reynolds Dinner Theater.” His hobbies include bird watching, traveling, playing bridge and gardening, with 100 pots of roses, orchids and vialias. When it comes to LWHS, Joe has good memories of singing in the Glee Club, as well as accompanying them on the piano. His favorite teachers were Mrs. McClung who encouraged him in his music, Mrs. Oliver,

his Advanced English teacher and Mrs. Clifton, his French teacher. Actually, he says that he learned a lot about French food. When asked what the main thing was that he learned from Lake Worth High School that he uses almost daily, Horton responded, “Discipline. I always get my work done on time, and I do my best to achieve.” He went on, “I have very fond memories of Lake Worth AND Lake Worth High School. I realize even more now that it was a great place to grow up, especially after having lived overseas for 13 years. Back at Lake Worth High School, I thought I wanted to be a concert pianist, but I found something I liked even better—art.”

President's Message

The class of 2018 was the recipient of the largest amount of scholarships ever awarded by Dollars for Scholars in a ceremony held in the school auditorium on May 10<sup>th</sup>. Seventy students received a total of \$129,500, quite a jump from the \$10,000 we awarded in our first year, 1999!

Sixty-four students received \$111,500 from the "regular" and vocational/technical account and six students received \$18,000 from the Barry Grunow Memorial account named to honor Mr. Grunow, the Lake Worth Middle School teacher who was slain in his classroom on the last day of school in 2000.

The program was highlighted by musical selections by the Trojan Pride Chorus directed by Mr. John Weatherspoon and the Trojan Sound Jazz Group under the direction of Miss Tiffany Cox. We reached another level in the number of endowed scholarships this year. Charles Brooks' (class of '52) account reached the \$20,000 level and Malcolm Cain's account also became endowed. Mr. Cain's son, USAF Col. Jeff Cain, Ret. class of '71 and his sister Virginia Warner came from Fairfax Station, VA to present their father's

Dollars For Scholars Mission Statement

"The purpose of the chapter shall be to expand access to higher education for students of Lake Worth High School, Lake Worth, Florida by promoting (DFS) the Dollars For Scholars program, maintaining an operational structure, raising funds for student aid distribution, and distributing awards on a fair and nondiscriminatory basis. The chapter shall operate in a manner consistent with the policies and procedures of Scholarship America."

scholarship to Dorlenka Barthelmy. Jeff contributed \$1,000 for twenty straight months to honor his dad. He retired from The Air Force as a pilot and will retire from Delta Airlines as a pilot in September.

Twenty-five volunteers work very hard year round to raise and

award these scholarships. We are grateful to The Lake Worth High School Alumni Foundation for paying all overhead expenses of Dollars for Scholars, insuring that every dollar donated to DFS will go to help a needy student realize his or her dream of a college education. Most Lake Worth High

students are needy and are the first in their family to receive a high school education.

If you would like to become involved with DFS or make a donation please contact me at 561-964-4025 or by email at david.cantley38@gmail.com.

—Dave Cantley, DFS President

Lake Worth Dollars For Scholars To Award Record Amount of Scholarships

By Kevin D. Thompson • Palm Beach Post Staff Writer • Article published in PB Post on Tuesday, May 08, 2018

LAKE WORTH—Lake Worth Dollars for Scholars chapter, part of Scholarship America, a national educational program, will hand out \$129,500 to 70 students tonight at its 20th annual event.

"That's a record amount for us," said David Cantley, the foundation's 79-year-old co-founder and Lake Worth High School's principal for nearly two decades before retiring in 1999. "Last year we awarded \$120,000, so this is the most we've ever done."

The city's Dollars for Schol-

ars is scheduled to hold its free award event at Lake Worth High School at 7:00 p.m. About 150 people are expected to attend. The organization has awarded a total of more than \$1.1 million since 1999, its founding year.

The group also operates the Barry Grunow Memorial Scholarship for aspiring teachers, named after the high school teacher who was gunned down in 2000 outside his classroom by then-13-year-old student Nathaniel Brazill.

Six students will receive

\$18,000 from the fund.

The foundation has several patrons, including GL Homes of Florida, Kiwanis Club of Lake Worth, Wayne Akers Ford and Dave's Last Resort and Raw Bar, according to the group's website.

Jeff Cain, 60-year-old son of Malcolm Cain, the longtime Lake Worth barber who did for a razor and scissors what Vincent van Gogh did for paintbrushes, started a scholarship in his father's name. Malcolm died in 2016 from lung cancer.

He contributed \$1,000 for 20 straight months to make the endowment. This will be the first Malcolm Cain scholarship to be awarded.

"I'm glad my dad gets the recognition," said Jeff, a Delta Air Lines pilot who will be flying in from Washington, D.C., for tonight's event. "I have three daughters, and I told them, 'I want you to do the same thing in my name after I'm gone.'"

Jeff said he's always had a soft spot for kids who wanted to go to college but didn't know how

they would go.

Cantley said raising money in Lake Worth isn't easy. "It's very hard to do," he said. "A lot of the mom-and-pop businesses are gone. We have to dig hard to get this money."

He said the group would also love to track former students to see how they're doing and how

the scholarships impacted them. "It's hard to locate them, and the colleges won't give us any information," he said.

Cantley said the scholarship is doing a great service to the community. "We're educating these kids so they can get a job and make a decent living," he said. "We're really excited about it."

...Showcases Restored Model A Ford

High School classmates, including Larry Mickley, who he met in 7th grade. Most of his school friends, though, have now died, including his good buddy, Charles 'Boo' Stanton.

When asked what the best thing he learned at LWHS was, Haynes replied, "Communicating with people." He was president of the Kiwanis Key Club. He says that he was not a very good student, and that classes were not his forte. He did like Mr. "Buddy" Goodell—his favorite teacher. Gene celebrated 50+ years owning Haynes Scaffolding. He has two, grown children, Lori Haynes and Mike Haynes. His son, Mike, and nephew, Richard, now own the business. He owns the property. He kept an area of the old business as a shop and

a man-cave. That's where he's restoring his next project—a 1962 Ford Pick-Up Truck. As to his man-cave, Gene shared, "I designed and decorated it as a place to hang out. Even the county's Model A Club met there one time."

Gene responded to a question about whether he was glad he got to go LWHS by insisting, "Yes! I would not have gone anywhere else. I skipped school only once. As President of the Kiwanis Key Club, I got to go to Kiwanis meetings once a month and I took one or two Key Club members with me." Thanks, Gene, for sharing your beautifully restored Model A Ford Roadster with us at the Alumni Foundation Spaghetti Dinner Fundraiser! It's beautiful!

Old Photos Wanted!

If you have any pictures from long ago when you were in school or your parents were in school, we would love to have copies! We would appreciate it, if you scan and email those photos to: [Hogfish123@aol.com](mailto:Hogfish123@aol.com). If you send copies, please mail to Doris Dorsey • 650 Atlantis Estates Way • Atlantis, FL 33462. (Please don't send original photos as they can not be returned!) We are interested in all classes throughout the 2000's. Photos can be at the beach, casino, downtown Lake Worth, at grade school, high school...anywhere! It would be fun to have a couple in each issue of the Alumni News. If you know of an interesting story of an alumni, please notify us. Thanks, and hoping to receive many!
